

Hi everyone!

After today's (possibly intense 😊) orientation session, I'm sharing a few key links and tips to help you get started smoothly:

Course Registration

👉 How to register for courses

This guide explains how to enroll in your courses. You'll also find this link on our [Orientation Programme](#) page, which is regularly updated.

SIS & University Systems

Here you'll find [Orientation Programme](#) WEB our faculty:

- How to log into **SIS**
- How to **enroll in subjects**
- Info about other university systems

● **Important instructions are highlighted in blue!**

UK POINT – Student Cards & Login Help

Need help with your **student card (ISIC)** or **forgotten SIS password**?

👉 [UK POINT locations & services](#)

📌 Your **Personal Number** is your student ID – you'll find it on your ISIC or student card, just below your photo.

Helpdesk for SIS & Login Issues

If you're having trouble logging in or accessing SIS, you can contact the [Charles University Helpdesk](#).

💡 Before that, try asking at your **faculty office** (e.g. Law Faculty) – it's usually less crowded than Celetná (where we went together).

[Browser](#) Compatibility Warning (CZE)

Some university systems (like SIS) may not work properly with **Safari** (Apple's browser).

✓ We recommend using **Mozilla Firefox**, **Google Chrome**, or other browsers.

😞 We're not sure about **Vivaldi**, but feel free to try it!

Let me know if anything is unclear or if you need help with something else!

Good luck with your registrations and see you soon! 😊

Klara
