
Courses offered to Erasmus and other exchange students taught in English

The number of credits allocated to each course is based on an expectation of an average of 60 credits per year or 30 credits per semester. The system of allocated credits corresponds to the European Credit Transfer System (ECTS).. Based on the requirements of your home university. If you don't know, please check with your home university.

As per the CU rules, **at least 51 % of your courses must be enrolled under your host faculty** (CU Protestant Theological Faculty). The remaining 49 % of courses can be from other CU faculties. Keep in mind that Charles University is decentralised and each CU faculty may have a different system in place, including **different availability of courses** for incoming students, and **a different set of conditions and rules for course registration (including the add&drop period)**.

HOW to SEARCH for courses before or during the application process[click here](#)

Student Information System (SIS) It is a portal where you can search for courses without having an account. Once you are registered as our student, you will enrol in the courses, or register for the exams. You will also find your exam results here.

To search for a particular course, go to the module **"Subjects"** and filter by the faculty filter (**Protestant Theological Faculty**), language (e.g., English). You can also apply the semester filter to see if courses are available in winter, summer, or in both semesters.

The screenshot shows the 'Search' page of the Charles University Student Information System (SIS). The interface includes a navigation bar at the top with links: Search, Teachers, Departments, Classes, Classification, View by plans, and Setup. Below the navigation bar is a 'Filter:' section with various search criteria:

- Title:** A text input field.
- Code:** A text input field.
- Match:** Radio buttons for 'substring' (selected) and 'exact'.
- Search in:** Checkboxes for 'Title' (selected), 'Annotation', and 'Syllabus'.

Course registration

IMPORTANT

Each student MUST take care of the [online enrolment](#) to be able to log into SIS - without SIS access, it will not be possible to register for courses.

This step is part of the process of obtaining your [Charles University student ID card](#).

You can only register for the course during the registration period and only after we have officially enrolled you in our SIS system!

You will not be able to register until we have entered you into the system (this is all done in advance of our orientation week; you will not be able to register before then).

To log in to SIS, you must have your Charles University student credentials.

You will receive this information upon your arrival at the UK POINT .

COURSE REGISTRATION

The online course registration takes place in the [Student Information System \(SIS\)](#) in the module "Students registration into subjects". When registering for courses, make sure you have the **correct academic year** set up:

IMPORTANT DOCUMENTS AND MANUALS

- [Step-by-step Manual](#) : information on how to enrol in a specific course during the registration period, how to find your schedule, and delete a course you wish to drop.

The manual is designed for students in the Faculty of Social Studies. CHOOSE OUR FACULTY: Protestant Theological Faculty

- [Validation Request Instructions](#) : **We recommend doing this after each course you select at PTF**

FAQ ON COURSES

May I enrol in courses at other CU faculties apart from my host faculty

As per the CU rules, **at least 51 % of your courses must be enrolled under your host faculty** (CU Protestant Theological Faculty). The remaining 49 % of courses can be from other CU faculties. Keep in mind that Charles University is decentralised and each CU faculty may have a different system in place, including **different availability of courses** for incoming students, and **a different set of conditions and rules for course registration (including the add&drop period)**.

Below you can find the links to the faculties' websites where you can find the relevant information on their course offer and/or rules of course registration. Should you find any information missing or have any questions, we recommend you contact the Erasmus+ coordinator of the [relevant faculty](#) .

Examples:

Faculty of Arts (FF UK)	Faculty of Education (PedF UK)
Faculty of Humanities (FHS UK)	Faculty of Science (PřF UK)
Catholic Theological Faculty (KTF UK)	Hussite Theological Faculty (HTF UK)

Note for Erasmus+ students:

You always have only one Learning Agreement, all the courses you take at CU are noted there regardless of the CU faculty. Your LA changes are processed at your hosting faculty - you must follow the steps and rules sent to you by Věra Fritzová, the Erasmus+ coordinator at the CU Protestant Theological Faculty .

How many credits do I need to obtain in order to pass the semester?

The number of credits allocated to each course is based on an expectation of an average of 60 credits per year or 30 credits per semester. The system of allocated credits corresponds to the European Credit Transfer System (ECTS)..

Based on the requirements of your home university. If you don't know, please check with your home university.

As for the CU Protestant Theological Faculty, the allowed ECTS limits are the following:

- **minimum of 20 ECTS** for bachelor students per semester,
- **minimum of 15 ECTS** for master students per semester,

Is it possible to change some courses at the beginning of the semester?

Erasmus+ students: We are happy to sign a revised Learning Agreement (so-called LA changes) for you, though please remember you must also talk to your home university to make sure they agree with any changes you make.

Changing your course selection is not a major problem as long as you meet the deadlines.

After the course registration deadline has passed, you must resolve this issue directly with the coordinators at the Protestant Theological Faculty.

Can I take a sports course as an exchange student?

Sports courses are **provided by the CU Faculty of Arts**, namely by their [Department of Physical Education](#) . The courses can be found in [SIS](#) by using filters faculty and department. Most of the courses are in Czech; however, it is usually not a problem. You can contact the teacher of the course to double-check whether exchange students can enrol in their course. You can also apply the language filter and select English to browse the English-taught sports courses. The main Charles University Sports Centre can be found in [Hostivař](#) .

IMPORTANT for Erasmus+ students: The sports course **must be noted in your Learning Agreement**, and thus be approved by your home university.

Can I enroll in a master's program even though I'm still in a bachelor's program? Conversely, can I enroll in a bachelor's program even though I'm already in a master's program?

Exchange students can enrol in both bachelor's and master's courses regardless of their academic level.

However, the list of the chosen subjects has to be selected carefully and approved by the student's home university.

We strongly recommend reading the requirements of the course to be able to successfully finish the selected class. You will have enough time during the registration period (the so-called add/drop period) to decide whether you like the class and whether you will be able to manage it.

Please note that due to capacity reasons, master students may be given priority in the course registration.

What should I do if my course has mandatory prerequisites?

Exchange students are not required to meet course prerequisites. If a course in the system lists a prerequisite, you can simply disregard it — you don't need to have completed it to enroll.

I'm having trouble with registration, or the deadline has passed elsewhere if you are unable to register for the course or if registration at another faculty has already closed

1) We prefer to meet in person; simply come to the office during business hours or make an appointment via email at intl@etf.cuni.cz

2) Are you sending an email? What should it include?

- First and last name
- **Subject name and code of the course in question**, and the **faculty** where the course is taught

- Whether you want to enroll in or drop the course
- Have you contacted the course instructor? if You know
- If you have a new LA, let us know or bring/send it
